Ohio is the best place to be a young child, and every child has the opportunity to reach their full potential.

- The foundational elements of this goal are that:
- Young children in Ohio are healthy
 - Young children are ready to learn
 - Systems & community conditions are optimal and build a strong foundation for young children in the areas of:
 - Early learning access and quality
 - Healthcare access and quality
 - Early childhood adversity and trauma prevention
 - Economic stability
 - Racism and other forms of historic disinvestment and/or discrimination in early childhood systems are dismantled.
 - Sectors that impact early childhood systems collaborate and align their work.
 - The voices of Ohio early childhood professionals are engaged in the policies and practices that impact their programs, practices, and the children and families they serve.
 - The voices of families are amplified and they are engaged in the policies and practice that impact their lives and their children.
